2030	(\$386,628)

All Funds, Five-Year Impact:

<i>Fiscal Year</i>	<i>Probable Savings/(Cost) from General Revenue Fund 1</i>	<i>Change in Number of State Employees from FY 2025</i>
2026	(\$386,628)	2.0
2027	(\$379,672)	2.0
2028	(\$386,628)	2.0
2029	(\$379,672)	2.0
2030	(\$386,628)	2.0

Fiscal Analysis

The bill would amend the Local Government Code to allow for certain areas to petition the Texas Economic Development and Tourism Office within the Office of the Governor (OOG) in order to create a science park district (district). The district would be governed by a board of nine elected directors. The bill would allow the district to impose an ad valorem tax on property in the district according to certain criteria if approved by a majority of voters in a special election. The bill would allow the district to issue bonds to cover all or part of the cost of any project serving a district purpose.

Methodology

It is anticipated the OOG would need 2 additional FTEs to administer and monitor the program (1 General Counsel III and 1 Program Specialist VI). The total estimate for FTE-related costs, including travel and various other operating costs, is anticipated to be \$766,300 for the 2026-27 biennium.

Technology

No technology impact is anticipated.

Local Government Impact

The fiscal implications of the bill to the district cannot be determined due to the circumstances relating to the district's issuance of bonds or imposition of assessments, fees, and taxes being unknown. No fiscal implication to other units of local government is anticipated.
